

## Bellevue Suite

The new Bellevue Suite, to be unveiled April 2015, represents absolute privacy and pure elegance with a slight touch of the 50's contemplating the glamour of Hollywood divas.

Separate living room and en-suite bedroom with sea view from balconies and vintage furniture complement this refined and spacious ambiance.

The suite leads to its own private terrace with breathtaking views over Capri and the Mediterranean Sea. The only suite in Capri featuring a fitness area, outdoor dining and heated splash pool, totaling 250 sq. mt (2700 sq. ft.).

On demand, the Bellevue Suite can connect to a deluxe sea view room, becoming a two bedroom suite.
