## PRIVATE BREWERY AYING

Our Aying private brewery, **founded in 1878** and run by the family for **six generations**, is now in the hands of Franz Inselkammer. Using original brewing methods and maintaining top quality standards and Bavarian tradition, the brewery has become one of the **most awarded in the world**. The ingredients for our assortment of 13 traditional beers come exclusively from our own farm and from local farmers, the mineral water comes from our own glacial well and the yeast is produced from our own pure cultures. Thanks to this particular care, we can guarantee the best, traditional beers. **Tours of the brewery** are available, and after the tour the best place to partake of our beer is under the ancient chestnut trees or in the comfortable hall of our **Brewery Tavern** in the historical center of the village of Aying.

The Aying private brewery was named **Europe's best brewery** at the European Beer Star in 2014. At this renowned competition our brewery was able to take home five medals. "Ayinger Urweisse" won top of its category for the third time and was also awarded the coveted consumers' prize in Silver. In addition, our "Bräuweisse" and "Kellerbier" won Silver and our "Altbairisch Dunkel" won Bronze.

## OUR GUESTHOUSE

---

Documented mention of the first restaurant business in Aying was made in 1385. Today our Guesthouse is the culinary **center** of our ensemble: It contains **34 rooms**, all unique and furnished with a love of detail, **four of our event rooms** for groups of up to 180 and our **multiple award-winning** restaurant.

Kitchen director Curt-Daniel Scheffler and his team compose fine **regional specialties** which are inspired by select products and ingredients from farms in the area and the hotel's own hunting activities. Our **pleasant beer garden** with a gazebo provides a wonderful opportunity to enjoy the fine weather.

Our Guesthouse is the **perfect venue** for any occasion, e.g. private events, company parties and conferences.

## OUR MANOR HOUSE

---

The Manor House, a **heritage-protected building**, was our family home until 2005; it was then renovated with care, meticulously restored and opened for our guests. Each of the **14 rooms** is named after a member of our family going back seven generations. As **unique** as every single personality of each resident was, so is the way every single room is furnished.

A **library** with a stock of books of old and a fireplace, the impressive, generously proportioned **parlor** off the former **farmhouse kitchen** and a professionally provisioned **conference room** make the Manor House as a whole an especially attractive venue for any **celebration** or **conference** – be it for business or pleasure.

You can watch our cooks in action in our farmhouse kitchen – within the scope of a **cooking course** or at the **chef's table** right next to the woodstove. You can also **book** our Manor House **exclusively** for your own private festivities or conference!

## THE GRANARY

Our **Granary**, which was once used to store grain, was formerly located in the neighboring community of Peiß. Carefully dismantled and rebuilt **true to the original**, the wooden cabin has the **air of a chalet** and is the ideal place for special occasions.

## THE HISTORICAL BOWLING ALLEY

The **Historical Bowling Alley** dates back to 1886 and was formerly an open-air alley in the old beer garden. It was reconstructed in the 1950s to make it suitable for use in winter. Our bowling alley has meanwhile been faithfully restored and is ideally suited for events that are **out of the ordinary**. The pins are set up **by hand** just like in the old days.

## THE SIXTHOF HOMESTEAD MUSEUM

---

The Sixthof is one of the **oldest farmhouses** in the Munich district. In 1978, on the occasion of the 100th jubilee of the brewery, it was turned into a **homestead museum** and completely furnished with historical authenticity by Franz Inselkammer.

The Homestead Museum is open **Sundays and on holidays** from Easter Sunday to October from **1:00 pm to 5:00 pm**. It shows the way people actually lived more than 200 years ago.

For very special occasions it is also possible to use the Sixthof as an event venue.

## AYING BREWERY TAVERN

---

Our Aying Brewery Tavern is a **traditional** Bavarian **public house** of the finest: People meet at bare **wooden tables** or in the beautiful **beer garden** and enjoy the various **freshly** drawn Aying beers together with substantial cold or **hot fare of the region**.

Meat and cold cuts from local butchers, “Kaiserschmarrn” (cut-up and sugared pancake with raisins) from the frying pan, the best Bavarian pretzels for miles around and beer from the wooden keg every day from 5:00 pm on.
