DESIGN FEATURES

11 Mirrors' design blends smart elegance with a deep understanding of global hospitality trends. Clean lines create a space that inspires creativity and encourages interaction. The hotel's concept derives from reflections guests see and emotions they experience during their stay. Every element here seeks to mirror guests' inner selves, which is represented in the hotel's slogan — Reflecting you.

All rooms anticipate the desires of the discerning guests through panoramic windows offering gorgeous views of Kyiv and SPA-inspired bathrooms made of glass blocks. Private bars as well as styling boxes allow guests to inhabit their own luxury retreat.

The lobby features reflective surfaces: a stainless steel ceiling, glass panels, glass art objects, natural stone walls and floors, and the unmatched mirrored wall crafted by Fomichev Brothers Creative Studio. Also showcased are the Philippe Starck mirror, PH Artichoke pendant lamp and Hans Wegner chairs.
